Disclaimer: This quote is for estimation purposes only and does NOT guarantee the cost for materials and services at the time an order is actually placed. This quote is based on today's inventories by suppliers to meet your project requirements. However, we are unable to guarantee that this price quote will be valid due to the ever changing inventories and sourcing from multiple vendors. We will make every effort to honor the quoted price but actual cost may change once the order is placed. Your Sales Order will have the actual cost and will be the responsibility of the customer to review all pricing.
